

I absolutely love Air One. I have been an active listener for years now. It serves me as a resident of the local community as a trusted and uplifting radio station. Many radio stations in our community are immoral, rude, and have negative effects on our young people. As someone who has work in the radio industry I am so encouraged each time I listen to Air One. They are community minded and desire to continue to serve us, not make money off us like commercial stations. If Air One is no longer on 90.1 FM, but instead replaced by an LPFM broadcaster, there will not be a positive station like Air One in my area. This station is in the public's interest and I know it is listened to by many in my area!
